AURA FRESH

Wall Mounted Computerized Air Freshener
Eliminates Odours! Keeps any room smelling fresh! Lasts 30 days!

The worlds only air freshener dispenser where the cover is the air freshener

Fragranced Cover

Dispenser

Aura Fresh is the world's only air freshener dispenser that uses the fragranced cover of the dispenser as the air freshener refill itself! Now, instead of unlocking a dispenser, unloading the old refill, loading the new refill and replacing the refill, you just take off the old cover/refill and replace it with a fresh one!

Powerful enough to freshen larger areas

The Aura Fresh fragranced cover is composed of a unique material containing 2-3 times more fragrance than most other air fresheners like gels or metered aerosols. The motor driven fan moves air freshener further than a typical passive system, thus freshening larger areas.

Freshens consistently for 30 days

Releases approximately the same amount of air freshener daily over 30 days by controlling the fan's operation. Controlled by a computer program, the fan turns sparingly in week 1, and gradually turns more frequently until week 4 when the fan turns constantly.

Efficient

The fan only turns when the lights are on which extends the alkaline battery life up to 6 months.

Safe for your facility and you

Unlike gels, liquids, or metered aerosols, Aura Fresh can't spill or misfire; so they won't harm you or your facility.

AURA FRESH

Wall Mounted Computerized Air Freshener
Eliminates Odours! Keeps any room smelling fresh! Lasts 30 days!

Easy to use

This smart dispenser remembers everything so you don't have to! Replacing the cover activates a 33 day computer program with the following prompts:

• **Days 1-29 :** green LED flashes indicating 'all systems go'

• **Day 30+ :** red LED flashes indicating 'time to change cover'

• **Day 33+ :** red LED flashes plus audible alert sound every $3^{1/2}$ minutes

Mounts to any surface with the double-sided tape or screw kit that is included. You can also order the cover with a battery.

Fan turns sparingly in week 1, and gradually turns more frequently until week 4 when the fan turns constantly.

Computer program controls fan activation.

Audible Alert beeps every 3 1/2 minutes starting on day 33.

Light Sensor detects when the room is not in use to conserve battery life.

LED signals Green (ok) or Red (replace).

Push Tab makes it easy to remove the old cover.
